1. Claims 2-7 and 15 have been rejoined as per paragraph 2 of the paper mailed 18 April 03.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee,

The application has been amended as follows:

Non-elected claim 17 has been cancelled.

3. The following is an examiner's statement of reasons for allowance:

Made of record but not making Applicant's invention obvious is a publication to Rosene et al. showing a punch having a movable hollow threaded member (146) with a fastener (136) therein. In Applicant's claims, the term "laterally movable" is interpreted to mean "movable perpendicular to the path of travel of the punch during its punching stroke", and thus Rosene's vertically movable hollow threaded member does not read thereon. No suggestion could be found to employ Rosene's adjustment mechanism on the laterally adjustable die of Shepard.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
